Dear Hiring team

This letter is to express my interest in the University placement program with Gijima. With all of my skills and knowledge, I know I will be a valuable member of your team.

I am a young, highly motivated computer system student at the Tshwane University of Technology with a strong ability to understand programming concepts, write computer programs while being consistent with a team. I have studied computer System Engineering for two years, and I have completed all 24 modules with an average pass mark of 60. Tshwane University of Technology, I have maintained a reputation of being extremely efficient and professional in my work. I am fluent with programming tools, notable with visual studio, Git, Docker, Qt Creator, and more. In addition to Git, I have thought it myself it wasn't part of my academic syllabus.

I am currently a freelancer, Developing software for clients. The number of clients I receive keep growing, while the feedback I get is overwhelmingly positive. I have developed a website for a client that sells and repairs medical equipment, With a marketing website's target audience being online. I have made the website to be visually beautiful while getting the point across. I am familiar with making a tight deadline, because of this, my client appreciates working with me. In my free time, I enjoy building side projects and learning a new programming language.

With Gijima being one of the most exciting IT companies in South Africa, I have a strong desire to contribute my skills to ensure that Gijima is visually on top of its game. I am hungry for a challenge, and I believe Gijima is the perfect place for me to grow even more as a Software Engineer and put my knowledge and skills to their proper use.

Thank you for considering me for the University Placement Program within your company. I look forward to meeting you. Please do not hesitate to contact me if you have any questions.

Yours sincerely,

Hendry Khoza
